

WILLIAM JAMES
COLLEGE

Forty-second Commencement Exercises

June 12, 2022

Our Mission

William James College strives to be a preeminent school of psychology that integrates rigorous academic instruction with extensive field education and close attention to professional development. We assume an ongoing social responsibility to create programs to educate specialists of many disciplines to meet the evolving mental health needs of society.

Our Core Values

Experiential Education

The integration of rigorous academic instruction with substantial clinical experience.

Social Responsibility

The education of providers to meet a diverse society's evolving mental health needs including cultural competence and language training. The development of program and partnerships to ensure access to mental health care for all persons.

Personal Growth

Foster a supportive, challenging and available learning environment that pays careful attention to personal and professional development.

Our Name

William James (1842 –1910) is considered the founder of American psychology. He taught the first psychology course, opened the first laboratory and wrote the first psychology text book in the US. He was an advocate for social justice and equality across gender and racial lines, and he believed that psychology was not an intellectual exercise, but rather a path to healing communities and the individual human heart and mind.

We are proud to bear the name of this brilliant person and perpetuate his legacy through our work here at William James College.

The audience is asked to stand and remain standing throughout the processional.

RECESSIONAL

Joseph D Feaster Jr, Esq

Doctor of Humane Letters, *honoris causa*

Joseph D Feaster Jr, Esq, a practicing attorney for 45 years, has numerous professional and public service affiliations, past and present, including roles with the city governments of Boston and Stoughton; service to the Massachusetts Turnpike Authority, the Boston Housing Authority, and the Commonwealth's Executive Office of Administration and Finance; board membership for mental health organizations and community health centers; and leadership roles with the Boston Chapter of the NAACP, the Massachusetts AARP, and the Massachusetts League of Community Health Centers (MLCHC).

Advancing mental health and social justice are central to Joe's personal and professional life. Feaster serves as an executive committee member of the Massachusetts Association for Mental Health, Inc., co-chair of the My Brother's Keeper Boston Advisory Board, and he previously served as a board member of the National Alliance of Mental Illness of Boston (NAMI Boston).

Presently, Feaster is of-counsel at the law firm of Dain, Torpy, Le Ray, Wiest & Garner, and is the court-appointed Receiver for Roxbury Comprehensive Community Health Center.

Michael John Carroll

Doctor of Humane Letters, *honoris causa*

Photographer and Non-Profit Founder Michael Carroll was one of the first photographers to travel to Romania after the fall of the communist regime in 1989, where he encountered horrific scenes. His incredible photographs and heart wrenching stories of the pediatric AIDS epidemic in Romania ran in *The Boston Globe* and *The New York Times*. Those images brought the plight of Romanian children to the western world. The twenty-year odyssey for Mike and his colleagues, as they fought to bring help to a population of children in need in a country that they hardly knew, followed, and changed the lives of over a hundred sixty thousand orphans, forever. His story is told in *Hand Held*, a documentary that was produced and directed by two-time Academy Award®-nominated filmmaker Don Hahn. Following the release of the film, *Fundatia Inocenti / Romanian Children's Relief (RCR)*, a foundation that supports Romanian children and families in need and works to prevent child abandonment, was founded. *Inocenti* has offered specialized professional therapy and services to children and families in need since 1990 and was formally incorporated as a Romanian charitable foundation, *Fundatia Inocenti*, in 1998. Today, *Inocenti* has three different types of programs in Romania—Child Life Hospital programs, Educational Support programs and Early Intervention, and serves thousands of children and families each year.

State Senator Karen E Spilka

Doctor of Humane Letters, *honoris causa*

Senate President, Karen Spilka, who represents the MetroWest communities of the 2nd Middlesex and Norfolk district, has shown dedication to the advancement of progressive social causes. During her tenure in public service, Spilka, a former social worker, has championed issues such as mental health, juvenile justice, and services for the elderly and disabled communities. She was one of the first legislators in the nation to vote in favor of marriage equality and transgender protections, and her leadership during the COVID-19 eliminated barriers to care for patients, provided support for community hospitals, testing sites, medical staff, and telehealth services, and ensured expanded support for housing stability, food security, unemployment benefits and relief for the hospitality and restaurant industries at a time when other states were cutting funding for social safety nets.

Senator Spilka has been an advocate for student rights, women's rights, police reform, and climate change. She has also championed efforts to decrease the barriers to accessing quality mental health care, including advancing workforce development initiatives, and she introduced the concept of Intergenerational Care Centers to address the caregiving crisis in Massachusetts, provide support for women in the workforce, and encourage high quality caregiving for all residents, from infants to elders.
